APRIL 5TH

Get SOAKed for Autism is coming up this Saturday, April 5th from 11-2 at Fred Poppe Regional Park!

We love providing our special needs families with a free day of water fun!

SPONSOR SPOTLIGHT

Thank you, The Healthy Family Chiropractic & Massage! We are so grateful for your support!

Adult Speech
Pediatric Speech
Occupational + Physical Therapies

Established in 2012 as Speech Path of Brevard, Angie Taylor (owner/SLP) quickly realized that families need comprehensive therapy services at one location to improve ease of access to a multidisciplinary therapeutic team. We now offer not only speech therapy services but have expanded our practice to include occupational therapy and physical therapy as well. With the increase in services offered through the new dynamic team, the practice has changed its name to reflect the practice's philosophy of tailoring therapeutic plans to meet each individual patient's needs. It is through our team's commitment to offering the strongest available evidence-based practice within our evaluation and treatment approaches, strong collaboration with families and medical care teams that our mission to provide **the best possible, medically-based therapy services within a community setting** is accomplished.

Thank YOU
